SPECIAL STRING RULES:

String can be used on the course to eliminate a stroke by shortening the distance to the hole. (i.e.- you putt ball to within a foot of the cup. Instead of taking another stroke to putt the ball in the cup you can measure the distance from the edge of ball to the lip of cup . You then cut that amount of string off, throw it away, and you do not have to add another stroke to your scorecard. You now have 9 feet of string left to use for the remainder of the course.)

You may NOT use string to win any contests or prizes. (i.e. hole in one, longest drive, closest to pin, etc.)

Only 10 feet of string may be used by each group.
